

Application form (Part A)

Required for Proposal Preparation and Application Form (Part A)

The information provided here below will be inserted in the online Application forms (Part A) and will be used by Evaluators to judge the operational capacity of the members of the consortium.

Part A of the proposal is generated by the IT system. It is based on the information entered by the participants through the submission system in the Funding & Tenders Portal. The participants can update the information in the submission system at any time before final submission.

Organisation data

The section shows the administrative data of the participating organisation as registered and/or validated in the central registry of organisations of the European Commission, linked to the given PIC number.

PIC ¹ number:	935590027
Full legal name ² of the organisation:	Velticon Limited
Short name to be used in the proposal:	Velti
Logo of the organisation:	
Organisational type (keep only the relevant one):	- Small medium enterprise (SME)
Average person-month (PM) ³ cost in Euro:	4500,00 €

Departments carrying out the proposed work

The information serves mainly statistical purposes. For determining the eligibility of the proposal, the official address of the organisation is taken into account.

Department 1:

Department name:	Administration
Street:	Lindou 14
Town:	Athens
Postcode:	11476
Country:	Greece

¹ The PIC number refers to the 9-digit Participant Identification Code (PIC). If you want to participate in a project proposal, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). If you have previously participated in any other H2020/HE proposal you have definitely obtained a PIC number. If your organisation is a new user, you should register to ECAS and create your account. <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register>

² As registered and/or validated in Participants Portal (data linked to PIC number). The Legal Name must correspond to the official legal name as stated in the legal statute of the organisation or the registration act/decreed establishing the organisation.

³ The average person-month cost (i.e. average cost for a person working full time for one month) should be calculated for personnel that will carry out the action. Includes only direct costs (no overheads/indirects), and social security charges, etc. It is an average (estimation) required for the proposal budget, to calculate your personnel costs.

Application form (Part A)

Links with other participants⁴

Please indicate if there are dependencies with other participants of the proposal.

Are there dependencies between your organisation and (an) other participant(s) in this proposal?	NO	
IF YES , please fill in the organisation name of the participant from the list of participants and the Type of link.	NAME: XXX	Type of link: Same Group Controls Is controlled by

Main contact person

This will be the person the EU services will contact concerning this proposal (e.g. for additional information, invitation to hearings, sending of evaluation results, convocation to start grant preparation).

⁴ Two participants (legal entities) are dependent on each other where there is a controlling relationship between them:

* A legal entity is under the same direct or indirect control as another legal entity; or

* A legal entity directly or indirectly controls another legal entity; or

* A legal entity is directly or indirectly controlled by another legal entity. Control:

Legal entity A controls legal entity B if:

* A, directly or indirectly, holds more than 50% of the nominal value of the issued share capital or a majority of the voting rights of the shareholders or associates of B, or

* A, directly or indirectly, holds in fact or in law the decision-making powers in B.

The following relationships between legal entities shall not in themselves be deemed to constitute controlling relationships:

(a) the same public investment corporation, institutional investor or venture-capital company has a direct or indirect holding of more than 50 % of the nominal value of the issued share capital or a majority of voting rights of the shareholders or associates;

(b) the legal entities concerned are owned or supervised by the same public body.

⁵ Please indicate the position in your organisation e.g. Rector, President, Chief Executive Officer, Director etc.

Application form (Part A)

Researchers involved in the proposal

Include only the researchers involved in the proposal, (see below definition of 'researcher'). You do not need to include in the table the identity of other persons involved in the proposal who are not researchers.

'Researchers are professionals engaged in the conception or creation of new knowledge. They conduct research and improve or develop concepts, theories, models, techniques instrumentation, software or operational methods. (Frascati Manual 2015)'

Include also person in charge of the proposal if a researcher.

Title	First Name	Last Name	Gender	Nationality	E-mail	Career stage ⁶	Role of researcher (in the project)	Reference Identifier	Type of identifier
Mr	Dimitrios	Loukas	Male	Greek	loukas@velticon.com	Category D	Lead	0009-0001-3568-8816	ORCID
Mrs.	Louisa	Louka	Female	Greek	info@velticon.com	Category D	Member	0009-0009-1510-7736	ORCID

⁶ Career stages as defined in Frascati 2015 manual:

Category A – Top grade researcher: the single highest grade/post at which research is normally conducted. Example: 'Full professor' or 'Director of research'.

Category B – Senior researcher: Researchers working in positions not as senior as top position but more senior than newly qualified doctoral graduates (ISCED level 8). Examples: 'associate professor' or 'senior researcher' or 'principal investigator'.

Category C – Recognised researcher: the first grade/post into which a newly qualified doctoral graduate would normally be recruited. Examples: 'assistant professor', 'investigator' or 'post-doctoral fellow'.

Category D – First stage researcher: Either doctoral students at the ISCED level 8 who are engaged as researchers, or researchers working in posts that do not normally require a doctorate degree. Examples: 'PhD students' or 'junior researchers' (without a PhD).

Application form (Part A)

Description of the Organisation

The information provided in the next table may be used by the Coordinator to write the Part B of the proposal.

Description of the Organisation
<i>Description of the legal entity and its main tasks, with an explanation of how its profile matches the tasks in the proposal.</i> Velticon is a leading Cypriot consultancy firm with over 25 years of experience supporting innovation, driving R&D initiatives, and offering comprehensive guidance for organisations seeking national and European funding opportunities. With a multidisciplinary team and two offices (Cyprus, Greece), Velticon is not a conventional consultancy. It operates as a launchpad of future-ready ventures, merging Artificial Intelligence, Quantum Security, and Econometric Intelligence to design, evaluate and scale high-impact research, innovation and investment projects. Velticon supports businesses, academic institutions and public bodies across Security & Surveillance, Healthcare, Arts & Culture, Energy, Maritime, Tourism, Creative Industries and Humanitarian initiatives. The company specialises in shaping international partnerships and building high-performing consortia, ensuring strategic coherence, funding readiness, risk control and measurable impact across the full project lifecycle. Its extensive portfolio covers a range of sectors, providing expertise in project management, predictive analytics, econometric modelling, AI-enabled decision intelligence, and capacity building. Velticon is contributing in applied research capacity, project design expertise, and cross-cutting analytical frameworks that strengthen proposal quality and delivery performance. Its core added value lies in translating research outputs into measurable impact, through KPI architectures, risk mitigation frameworks, exploitation planning, and sustainability strategies aligned with Horizon Europe evaluation criteria. Active internationally, Velticon supports the full project lifecycle—from ideation and consortium building to implementation, evaluation, and post-project exploitation—enhancing funding readiness, delivery robustness, and long-term uptake of results. Having supported more than 200 organizations, Velticon has a strong track record in managing complex, high-impact initiatives.

Role of participating organisation in the proposal (more than one option can be selected)

Project management	☒
Communication, dissemination, and engagement	☐
Provision of research and technology infrastructure	☒
Co-definition of research and market needs	☒
Civil society representative	☐
Policy maker or regulator, incl. standardisation body	☐
Research performer	☐
Technology developer	☐
Testing/validation of approaches and ideas	☐
Prototyping and demonstration	☐
IPR management incl. technology transfer	☒
Public procurer of results	☐
Private buyer of results	☐
Finance provider (public or private)	☐
Education and training	☒
Contributions from the social sciences or/and the humanities	☒
Other	☐
If yes, please specify (50 character limit):	

List of up to 5 publications, widely-used datasets, software, goods, services, or any other achievements relevant to the call content.

Application form (Part A)

Type of achievement	Short description (MAX 500 chars with spaces)
- Publication	Dimitris Loukas. Predictive Sales Models/Amazon/Economics-Business Publications/ASIN: BOG4JZLST4/ ISBN-13:979-8294724153
- Publication	AI-driven Art Market Simulator): KPI and evaluation framework for simulator performance, user outcomes, and market/education impact; risk framework for data quality, model validity, and user trust; exploitation strategy (toolkit, training, institutional partnerships)
- Service	Expert consulting for investment management and monitoring of Research and Development and Innovation systems or processes.
- Service	Support to Start-Ups, including preparation of business plans, early stage-oriented public funding, access to seed capital, incubation and personalised coaching
- Service	Typical EU-Friendly Deliverables -Funding & deal structuring memo (milestones, tranches, conditions, governance) -KPI architecture + reporting pack (definitions, evidence model, dashboards) -Risk register + mitigation plan (mapped to WPs, milestones, owners) -Exploitation, sustainability & impact plan (pathways, continuity, metrics) -Data/ethics/IP governance pack (templates, forms, repository & rights governance blueprint) Execution governance model (stage-gates, RACI, decision forums, cadence)
- Service	Predictive Analytics & KPI Architecture (cross-project) -Define the project-wide Theory of Change and KPI tree (outputs → outcomes → impacts), including measurable indicators, baselines, targets, and monitoring cadence. -Design and implement a data-to-KPI pipeline (collection, validation, dashboards), ensuring the projects can evidence adoption, engagement, and societal value over time (including analytics for platform usage and stakeholder uptake).

List of up to 5 most relevant previous projects or activities, connected to the subject of this proposal

This part should be specific both to the Project and your organisation. Relevant research & development work, relevant industrial activities, past projects and especially previous European projects (H2020, ...) and national projects. If you will bring results from these projects to the Project please mention here only the project and its objective.

Name of Project or Activity	Short description (MAX 500 chars with spaces)
CULTUREVERSE-CLOUD-X HORIZON-CL2-2025-01-HERITAGE-03	CULTUREVERSE-CLOUD-X transforms the European Collaborative Cloud for Cultural Heritage (ECCCH) into a usable, open and inclusive infrastructure, delivering production-grade tools, pilots and replication pathways that accelerate adoption across Europe. By combining advanced digital twins, AI-assisted co-creation engines, FAIR-by-design semantics and pragmatic licensing solutions, the consortium delivers a modular, open-source stack validated in real contexts. Three demanding pilots provide the core testbed, engaging youth, educators, cultural professionals and CCIs in participatory co-design, storytelling and hybrid events. Monthly regression loops connect pilots to the ECCCH core, ensuring rapid fixes, upstream improvements and transparent change-logs.
P2PPP-TRLAnalysis	The Peer-to-Peer AI Platform for Technology Readiness Level (TRL)

Application form (Part A)

(Acronym to Peer-to-Peer Passepartout Platform for TRL Analysis) HORIZON-CL4-2024-DIGITAL-EMERGING-01-22: Fundamentals of Software Engineering (RIA)	Analysis aims to streamline the process of evaluating research projects' TRLs. P2PPPA platform will leverage artificial intelligence (AI) to analyze project details, assess their TRLs, and assist researchers in preparing comprehensive funding proposals
---	--

Description of any significant infrastructure and/or any major items of technical equipment, relevant to the proposed work

Provide a description of any significant infrastructure and/or any major items of technical equipment, relevant to the proposed work;

Name of infrastructure or equipment	Short description (MAX 300 chars with spaces)

Gender equality plan

Having a gender equality plan is an eligibility criterion for Public bodies, Higher education establishments and Research organisations from Member States and Associated Countries. Be aware that if the proposal is selected, having a Gender Equality Plan will be necessary before the grant agreement signature (applicable on calls with deadlines in 2022 and beyond).

Does the organisation have a Gender Equality Plan (GEP) covering the elements listed below? Minimum process-related requirements (building blocks) for a GEP • Publication: formal document published on the institution's website and signed by the top management • Dedicated resources: commitment of human resources and gender expertise to implement it. • Data collection and monitoring: sex/gender disaggregated data on personnel (and students for establishments concerned) and annual reporting based on indicators. • Training: Awareness raising/trainings on gender equality and unconscious gender biases for staff and decision-makers. Content-wise, recommended areas to be covered and addressed via concrete measures and targets are: ○ work-life balance and organisational culture; ○ gender balance in leadership and decision-making; ○ gender equality in recruitment and career progression; ○ integration of the gender dimension into research and teaching content; ○ measures against gender-based violence including sexual harassment.	no	
---	----	--

Involved Third Party

Does the participant plan to subcontract ⁷ certain tasks (please note that core tasks of the project should not be sub-contracted)	No
---	----

⁷ Subcontractors may participate in the action, if necessary for the implementation. Subcontractors must implement their action tasks in accordance with Article 11. The costs for the subcontracted tasks (invoiced price from the subcontractor) are eligible and may be charged by the beneficiaries, under the conditions set out in Article 6. The costs will be included in Annex 2 as part of the beneficiaries' costs.

Application form (Part A)

If yes , please describe and justify the tasks to be subcontracted.	
Does the participant envisage that part of its work is performed by Affiliated Entities ⁸ (Article 8 of the Corporate Model Grant Agreement)	No
If yes , please describe the third party, the link of the participant to the third party, and describe and justify the foreseen tasks to be performed by the third party.	
Does the participant envisage the use of contributions in kind provided by third parties ⁹ (Articles 9.2 of the Corporate Model Grant Agreement)	No
If yes , please describe the third party(ies) and its/ their contribution(s).	
Does the participant envisage that part of the work is performed by Associated partners ¹⁰ (Article 9.1 of the Corporate Model Grant Agreement)?	No
If yes , please describe the Associated Partner(s) and their contributions	
Does the participant envisage that part of the work is performed by international organisations ¹¹ (Article 10.2 of the Corporate Model Grant Agreement)?	No
If yes , please describe the International Partner(s) and their contributions	

⁸ Affiliated entities can charge costs and contributions to the action under the same conditions as the beneficiaries and must implement the action tasks attributed to them in Annex 1 in accordance with Article 11. Their costs and contributions will be included in Annex 2 and will be taken into account for the calculation of the grant. The beneficiaries must ensure that all their obligations under this Agreement also apply to their affiliated entities. The beneficiaries must ensure that the bodies mentioned in Article 25 (e.g. granting authority, OLAF, Court of Auditors (ECA), etc.) can exercise their rights also towards the affiliated entities. Breaches by affiliated entities will be handled in the same manner as breaches by beneficiaries. Recovery of undue amounts will be handled through the beneficiaries. If the granting authority requires joint and several liability of affiliated entities (see Data Sheet, Point 4.4), they must sign the declaration set out in Annex 3a and may be held liable in case of enforced recoveries against their beneficiaries (see Article 22.2 and 22.4).

⁹ Other third parties may give in-kind contributions to the action (i.e. personnel, equipment, other goods, works and services, etc. which are free-of-charge), if necessary for the implementation. Third parties giving in-kind contributions do not implement any action tasks. They may not charge costs or contributions to the action and the costs for the in-kind contributions are not eligible.

¹⁰ Associated partners must implement the action tasks attributed to them in Annex 1 in accordance with Article 11. They may not charge costs or contributions to the action and the costs for their tasks are not eligible.

¹¹ Participants which are established in a non-EU country
